eBOARDsolutions Offers Free Webinars on Cost Savings by Going Paperless Webinars to cover efficiencies in meeting agendas, policies and strategic planning.

ATLANTA - eBOARDsolutions, developer of eBOARD, an online service for school districts for managing meetings, strategic plans, and policies, is pleased to offer school districts access to free webinars on cost saving strategies for using online tools for meetings, polices and strategic plans. After the webinar, each participant will be given a customizable cost savings analysis tool that can help participants quickly figure the costs of creating and distributing agenda packets for meetings at both the district and school.

For greater participation, gather a few facts and figures about how you currently prepare meeting agendas (not just board meetings), the average number of pages and packets, the number of copies you prepare, if you mail them or deliver them and about how much time it takes to prepare the packets for how many people on staff. With these figures, the EBS team will help you see how great your savings could be.

eBOARDsolutions will offer these 45 minute webinars twice monthly through the end of June 2009.

About eBOARD: eBOARD helps organizations by:

- * Providing a single source for access to pertinent data for effective decision-making
- * Assisting stakeholders in easily finding information through advanced search capabilities
- * Saving time and money by streamlining workflow and eliminating paper dependency
- * Enhancing communications with all stakeholders

eBOARD Modules now include:

- * Strategic Plan - Monitor, track, manage and report on the organization's strategic plan to all stakeholders
- * Meetings - Streamline agenda preparation and enhance the effectiveness of all meetings (not just board meetings)
- * Policy - Publish policies, regulations and exhibits for easy access by all stakeholders
- * Communications - Improve communications with all stakeholders
- * Documents - Build an online library for easy access to important documents

About eBOARDsolutions:

As a subsidiary of the Georgia School Boards Association, eBOARDsolutions (EBS) is backed with more than 55 years of experience in board governance and association management. Initially developed by and for GSBA, the products are now being used by over 200 local boards of education, state boards of education, state agencies and other associations.
