

Efficient Online Policy Management

Board policies serve as the framework and direction for managing the organization. eBOARD's online policy system keeps all stakeholders aware and informed of current policies, regulations and exhibits. The eBOARD Policy Module makes managing your policies easier than ever. No more outdated policy manual binders!

"This new technology allows us to streamline the management of our board policies as well as provide our community and staff members immediate access to them online and in a convenient searchable way. eBOARD helps us be more transparent and accountable to our stakeholders through the Policy module's ability to allow for public input to draft policies. As a board chair and policy maker, I recognize the importance that eBOARD allows us to align our meetings, planning and policies together."

— **Joseph White**, Board Chair, Mitchell County Board of Education
Board President, Georgia School Boards Association
